

RIVER OF LOVE

music & lyrics by Steven Flynn

I want to lay down with you tonight
Lay down the load I bear all day
Lay down my head where I can feel you breathin'
And let it all go, let it all flow
Down to the sea on the **River of Love.**

I want to touch you as the sun starts rising
Touch you with my heart and with my soul
Touch you so deeply we'll be one together
And let it all go, let it all flow
Down to the sea on the **River of Love.**

Bridge

In the eyes of the world, I'm a lone bird flyin'
One small speck against a deep blue sky
But the winds of your love lift the wings of my heart
And together we can fly away.

I want to lay down in your heart forever
Lay there 'till I don't know night from day
Lay down all my stories and my worries and my wonderin'
And let it all go, let it all flow
Down to the sea on the **River of Love.**
Let it all go, let it all flow
Down to the sea on the **River of Love.**
Let it all go, let it all flow
Down to the sea on the **River of Love.**
